### SIMULATOR INSTRUCTOR-ICP

This "Specialized Program" Simulator Instructor course is a series of real world based programs designed to educate, train and prepare you for conducting all levels of simulation training in the preparation of your force on force training. Understanding the common training philosophies of a true warrior preparing you for real world attacks! Understanding how to develop, design, coordinate and schedule simulations getting the most of each training exercise. Understanding the roles and responsibilities of each person assigned as role players, safety coaches and safety supervisors building your students and training up to the same levels of the professionals that keep you safe. Knowing the right scenarios to perform and training aids and props will be vital to the success of any training program. Learn how to make your training come to life! Because if you do not make it real in training – the bag guy will surely make it real when the time comes to fight for your life! This program was developed and is conducted by US Fighting Systems. Student will be issued a certificate of completion for **Simulator Instructor**.
